

SAT and ACT College Admissions Testing

It is recommended that all college bound juniors, 11th graders, take the SAT and/or the ACT in the second semester of their junior year, and then again in the fall of their senior year if needed.

Most colleges accept either the SAT or the ACT for admission, but some colleges require a specific test. Check the admission requirements of the colleges you are applying to!

SAT Reasoning Test and SAT Subject Tests

SAT Reasoning Test – The SAT Reasoning Test is a three hour and forty-five minute test that measures critical thinking, mathematical reasoning, and writing skills.

SAT Subject Tests – The SAT Subject Tests are one hour tests designed to show knowledge in a specific area. Students can take one, two, or three subject tests on a test day. Subject tests cannot be taken on the same day students take the SAT Reasoning Test.

***Most colleges do not require subject tests.** Check the admission requirements of the colleges you are applying to!
